

Blurring the Line

Fiction and non-fiction. Reality and make-believe. Can you draw the line between the two? Do you know where real horror starts? *Blurring the Line* is a collection of 20 horror short stories by some of the best writers around, plus 10 non-fiction articles to make you think twice about the world we live in but then again, maybe some of the stories are real, and some of the non-fiction made up... With tales from Tim Lebbon, Lisa Morton, James A. Moore, Kaaron Warren, Tom Piccirilli, Lisa Hannett, and more, plus frightening artwork by Alex Mcvey, *Blurring the Line* will make you doubt what you thought you knew, and open you up to possibilities you didn't want to consider. But how much of it all is real?
