

Better Homes and Gardens Your Windows and Doors (All About Your House)

Your homes windows and doors work something like Alices looking glass: They can bring in light, air, views, and people - or they can shut them all out. Versatile space dividers, windows and doors can either connect or separate your familys private domain from the world outside. Your Windows And Doors takes a close look at these functional designs. First, it raises a series of questions about what your windows and doors do now, and what youd like them to do. Next, it presents a portfolio of styles that can help you match windows and doors to your home, your needs, and your budget.
