Home for the Holidays! Warm the inner person and put a smile on the outer with Authentic Classic Hungarian Goulash! Its easier than you think!! Warning! This is NOT your usual Goulash preparation book! In this book youll find two distinct types of recipes: Traditional Goulash recipes and Paprikash recipes. While they are similar, they are not the same. Traditional Hungarian Goulash recipes are designed to build soups, with some recipes designed to build meaty stews. We follow those traditions in our recipes. Traditional Hungarian Paprikash recipes are all meats and vegetables with an overwhelming spice base of Paprikas. While they may look like stews, they arent. The Open Secret All Hungarians know how to make Goulash (called Gulyas in Hungarian). While the individual steps in making Goulash may vary, all Goulashes follow the same basic procedure. The Basic Procedure: 1. Select and prepare the meat. 2. Select and prepare the onions. 3. Select and add the Paprikas and liquids 4. Select and prepare the supporting vegetables. 5. Adjust the supporting spices. 6. Serve. This Book Is Different In this recipe book, were going to explore in depth how to prepare the ingredients. Well show you the techniques that will enable you to make excellent Goulashes. The recipes themselves will appear to be stark: Weve removed almost all of the repetitive steps, leaving only what you absolutely have to do differently in each recipe. That means that each recipe consists of only a list of ingredients and a list of procedural steps. This format may seem strange at first, but youll find that this format gives you, the chef, almost infinite power to create excellent Goulashes and Paprikashes in almost no time at all.
