

3D Paper Craft Animals of Africa (English and Italian Edition)

Following the successes of the previous volumes in this series, 3D Paper Craft Savanna Animals is a wonderful collection of foldable paper animals from the African savannah. Parents and children alike will enjoy hours of entertainment while they punch out and create their favorite wild animals from a wild boar to a zebra to a happy rhinoceros. This paper-airplane-meets-origami craft has become popular throughout the world, and uses the fun of folding and constructing while improving childrens spatial intelligence.
