

## God Realm (Demon Lord) (Volume 5)

The dangerous and trackless God Realm is ruled and shaped by the will of the gods who roam it, and the demon beasts and creatures of darkness that inhabit it prey upon the lost mortals who have escaped collapsing domains to wander its shifting wastes. Even a powerful mortal dark god may not survive its traps and treachery, and a Grey God is a beacon that draws the darkness. Bane falls into a deadly trap and is shackled with a metal found only in light realms, which binds the shadows in his flesh. It will kill him if Kayos does not find him in time, but a demon hound tracks the Grey God, whose shield sphere may not protect him from a dark god with a key
