

# A Kids Guide to Drugs and Alcohol (Understanding Disease and Wellness)

Drug and alcohol abuse is a major health problem for people all over the world. Millions of people are affected by drugs and alcohol each year. Many people have family or friends who are addicted to drugs, alcohol, or both. Drugs and alcohol can be deadly, as well, leaving families without parents or parents missing their lost kids. You hear about drugs and alcohol on TV and read about them online. But many people-kids and adults-dont understand how much drugs and alcohol can affect kids. What happens when someone uses drugs or alcohol? How do people get addicted? What is life like for the people around the world who abuse drugs and alcohol or live with someone who does? How are people fighting back against drug and alcohol abuse? In this book, youll find answers to all of these questions and more!
