

A Scholar of Magics (College of Magics)

Glasscastle. University of dreaming towers and distant bells, pompous dons and disputatious undergraduates, exquisite architecture and grass that can choke you to death if you walk on it without the proper escort. On the surface, it is one of the most beautiful and peaceful places in England. But underneath, its magic is ancient and dangerous. Samuel Lambert, sharpshooter, adventurer, late of the Wyoming plains and Kiowa Bobs Wild West Show, has been invited to Glasscastle to contribute his phenomenally accurate shooting eye to the top secret Agincourt Project. The only dangers he expects to face are British snobbery, heavy dinners, and tea with the Provosts pretty wife. But when the Provosts stylish sister Jane comes to town, things get much more exciting. This sparkling sequel to A College of Magics is a whirlwind of secret weapons, motor cars, mysterious assaults and abductions, thugs in bowler hats, and a mild-mannered don who is heir to a magical power greater than all Glasscastle. The resulting tale is as funny as a Gilbert and Sullivan Victorian romp, with the wit and suspense of a Dorothy Sayers mystery and a dash of John Wayne thrown in for good measure.
