

A Fistful of Water (Chronicles of Marsdenfel Book 3)

She can regain what her father gave up, but itll cost all she has to get it Geddis Feyim is tired of others complaining because they have all she ever wanted. Her father and sister serve as prophets for the king, her uncle, but that doesnt help the rest of the family. Her mothers dead, her brothers insane, and shes working herself sick to keep her uncles castle clean despite other servants incompetence. Something has to change. She cant become nobility or earn a title, but shes a reasonably educated young woman, with Finding magic and blood ties to a few of the more powerful realms in the area. She has options. More than she wants to consider. Whatever she chooses, itll shape the rest of her life. Sequel to A Fistful of Earth. To Be Followed by A Fistful of Deception.
