

## A Necessary Death

A new short story from New York Times bestselling author Sheila Connolly! With working conditions deteriorating and tempers wearing thin, construction supervisor Mason is having enough trouble completing the massive building project on time and on budget the last thing he needs is a dead body. Sure, on a job as big as this one accidents happen, but this death was no accident. Hoping to clear up the murder quickly, Mason begins to search the site and question the construction crew who have set up camp nearby. But with few clues and fewer suspects, he'll have to turn to an unlikely source for the solution and an explanation that's as old as the project he's given his life to.

About the Author: Sheila Connolly is an Anthony and Agatha Award-nominated author who writes four bestselling cozy mystery series: the Museum Mysteries, the Orchard Mysteries, the County Cork Mysteries, and the Relatively Dead Mysteries. In addition, she has published *Once She Knew*, a romantic suspense; *Reunion with Death*, a traditional mystery set in Tuscany; and a number of short stories. She lives in Massachusetts with her husband and three cats and travels to Ireland as often as possible.
