

A Werewolf Christmas (Howling Holidays Book 1)

A Short Story Ill be on all fours howling at the moon while youre eating sweet potatoes with marshmallows and sipping spiked eggnog. Sylvias parents have just dropped a bomb on her. A big one. A colossal one. When they told her she could open an early Christmas present, she never expected ears and a tail, especially not connected to her person. Sylvia is just fine with being boring, thank you very much, and she would certainly prefer not to spend Christmas howling at the moon. With the most important date of her life tied to the holiday, Sylvias going to have to decide if she should tell her high school sweetheart the truth: Im a werewolf. Includes full prologues and chapters of eight other works in the back!
