

After Dark

This is Book Seven, the final book in the Lilith Mercury, Werewolf Hunter Series. Its time for Lilith to make peace with the monsters under her bed. Or is that IN her bed? As rumors circulate about conspiracies running as deep as the Vampire Council, Lilith tries to find some peace in her personal life. Is that really possible for her? After all this time, will she finally be rewarded with the love of the men she craves? Warning: This book contains graphic violence, language, and sex with multiple wicked hot partners, including some BDSM elements. If any of those things offend you, turn back now.
