

The Vildecz Talents: The complete set of Vildecz Stories including Nimuars Loss, The Deceptive Oracle and Agniths Promise

The complete set of Vildecz Talents: including Nimuars Loss, The Deceptive Oracle and Agniths Promise. For Ninianee and Erianthee, their magical talents are mixed blessings, until their father, Duz Nimuar disappears, when they take up the hunt for him, each using her unique gifts to pursue the few, illusive clues that indicate where their father has gone, and why. Aided by their suitors, the sisters encounter unexpected perils in what had seemed to be a fairly regular search, but a malign brotherhood of magical priests is determined to see that they do not succeed in their quests, throwing everything from conjure-storms to ambiguous oracles at them as they strive to rescue their father from his foes, pushing their talents to their limits, but all the while having to remember that in their world magic works at a price.
