

## Aloc (Chronicles of M, Book 3)

A serial killer is on the loose. With no clues, no witnesses and the bodies piling up, the local police call for the only people who can help. What the police don't know is just how full Thomas and Ms. Plate already is. Time is running out. It's been ten months since Aloc showed up and challenged M to a duel to the death. For him to even have a chance against Aloc, M must learn a lifetime's worth of magic, but Thomas's brother Amit is missing. Without him, M can only hope to learn what Thomas is physically able to show him. M also has to learn how to handle himself in a fight from Mai and discover the extent his mutant powers can go, but how can he do that when he can't even beat her? It's been a long hard road for everyone and it's not even close to over yet. Amit is the third and last book of the first trilogy in the Chronicles of M.
