

Art, Dialogue, and Outrage: Essays on Literature and Culture

This volume of essays, articles, addresses and interventions by the Nigerian poet, playwright and novelist, winner of the Nobel Prize for Literature in 1986, contains work written over a period of some 25 years and includes much rare material. The introduction by Boidon Jeyifo sets the essays in the context of the development of Soyinkas work, thus providing a comprehensive insight into the intellectual background of his creative writing, and establishes the relation between Soyinkas ideas and contemporary thought in Africa. Soyinkas plays include The Jero Plays, The Road and Madmen and Specialists. His most recently published works are From Zia with Love and A Scourge of Hyacinths.
