Encourage creativity and a lifelong love for learning with draw and write books! This super CUTE kindergarten draw and write journal makes a great gift for girls ages 4-6. Great for trips. The interior consists of pages for drawing and writing. Some pages are lined and other pages include places and drawing with headline prompts that say things like Draw a Picture of What You Discover Today. Children can write stories, make Christmas wish lists or write down anything that comes to mind. ***Bonus activity Pages are found at the end of the journal. These pages feature characters to color in and comparison activities called spot the difference. This encourages kids to look at two different, yet similar images to see if they can spot the difference between the two characters. Interesting mazes are also found at the end of the journal. :)
