

Audio and Hi-Fi Handbook, Third Edition

Written by a team of experts and specialist contributors this comprehensive guide has proved to be an invaluable resource for professional designers and service engineers. Each chapter is written by a leading author, including Don Aldous, John Borwick, Dave Berriman and John Linsley Hood, which provides as wide a perspective as possible on high-quality sound reproduction as well as a wealth of expertise. This third edition has been fully updated to include modern valve amplifier designs, Nicam and satellite radio, and including a new section on servicing. Ian Sinclair has written over 140 books on aspects of electronics and computing and has been a regular contributor to the electronics and computing press.

New chapters on valve amplifiers, in-car audio, NICAM and satellite radio, and servicing. Contributors include world experts like John Linsley Hood, Nick Beer, Don Aldous, Fred Mornington-West. A wide ranging guide for professionals and hobbyists alike.
