

The Story Hour

An experienced psychologist, Maggie carefully maintains emotional distance from her patients. But when she meets a young Indian woman who tried to kill herself, her professional detachment disintegrates. Cut off from her family in India, Lakshmi is desperately lonely and trapped in a loveless marriage. Moved by her plight, Maggie treats Lakshmi in her home office for free, quickly realizing that the despondent woman doesn't need a shrink; she needs a friend. Determined to empower Lakshmi, Maggie abandons protocol, and soon doctor and patient have become close friends. But while their relationship is deeply affectionate, it is also warped by conflicting expectations. When Maggie and Lakshmi open up and share long-buried secrets, the revelations will jeopardize their close bond, shake their faith in each other, and force them to confront painful choices.
