

Travels With George: New York: A New Cats Eye Adventure (Volume 2)

The adventurous cats first met in *Travels With George: Paris* are back, and this time, they are seeing the hometown sights in New York City. George tells his tale from his cats eye perspective as he and Billy explore Central Park, take a boat ride out to Ellis Island and the Statue of Liberty, and finally they look at the city from the top of the Empire State Building. Their travels are colorfully illustrated by Cat Artist Deborah Julian as she captures them in 13 original scenes around The Big Apple.
