

## Success In Medicine: Biochemistry, 1e

An easy-to-use outline format, numerous charts, and lists make the Success in Medicine series an invaluable review tool for students. Each book in the series contains 100-150 clinically oriented review questions and answers. And, an accompanying 3.5 diskette offers hundreds of questions and answers in a self-test. Features: \* Quick access to essential review information \* Questions are reviewed by students to ensure usefulness \* Diskette codes questions to help assess performance \* Colour illustrations and icons emphasise important points \* Available in Macintosh and Windows formats
