

# Blindsight

Praise for Greg Hewett: 2010 Lambda Literary Award Finalist in Poetry 2007 Triangle Thom Gunn Award for Gay Poetry Finalist In poems that are full of wit, touching, and introspective, as well as formally inventive, we find the poet losing his sight, becoming a parent, and occupying middle age with a sense of calm and inevitability. From Skyglow: we spin filaments of light into profiles, drawing each other through something resembling time and space and dark. Lets call this something something vague and mythic as the ether. Lets say were ethereal.
