They came from the West Seven fighters to the end One stunning blonde warrior Leading six hard-ass men Alexas Travels Apocalyptic fiction An impossible quest & A Haunting new vision Bone Dust and Beginnings gives the reader a front row seat to how the quest started. An amazingly entertaining cast of characters. One of Ms. Whites best yet. - The Review Blog Alexa is a leader of men. She culled her companions from the dwindling herd of mankind because she sensed they alone might have the strength to make the journey and each battle fought at her side tightens their bonds. For her, their quest is about more than finding a safe place. Its about the search for her missing family. Long years after the war of 2012 devastated America, a group of survivors has come out of the radiation zones in the West. On an impossible quest to find those who came before them, these warriors follow the remnants of Safe Haven... and let nothing stand in their way.
