

## Fevered Souls Season 1 (Volume 1)

An Amazon Top 100 Free Bestseller!  
From the bestselling author of WORLD OF SHELL AND BONE comes a love story set in a town where nothing is ever as it seems... Eden, North Carolina--my hometown and personal hell on earth. After I left for college, I vowed I'd never see it again. Too much had happened there, and my wounds were still raw. When I found myself headed back four years later, I was adamant nothing would keep me there for long. Then I met the intoxicating Dax Allard. Copper-colored eyes, skin that emanated an exceptional heat, and a host of strange talents... It wasn't long before I was drunk on him. But Dax's past was darker than mine, teeming with ancient secrets. Falling for him could cost me my life. I had two choices: walk away or deal with the perilous consequences. It was no choice at all. This is a complete serial novel omnibus, consisting of several smaller novelettes to make up the whole. It is equal in length to a full-sized novel. Must read for paranormal lovers like me.
