

The Devils Dilemma (Third book in The Devil Series by Amy Webb)

Book three of a five-book series. Scott and Tessa Madison, newly-married and proud parents of a baby daughter, want nothing more than to settle down and quietly raise their child. For a while, it appears as if they might get their wish: the house is a mess, they're exhausted from late-night feedings and diaper changes, and both have worn the same clothes for the past several days because they're too busy to do a load of laundry! Everything would appear that they're a nice, normal family. Raphael Valdez, the fanatical leader of the Visionary Coalition, has launched a vile scheme to destroy the young family. In order for his plan to succeed, Valdez must rely on the help of the enigmatic Simon Spellman, the Coalition's second in command. But when Simon's love for Tessa comes into direct conflict with his boss's wishes, does he have what it takes to stand up for what he knows to be right? And, given his past behavior with Tessa, is it too late for Simon to convince her of the very real danger involving her new baby?
