

Broken Shell Island: The Witches of West Shore

Adventure, peril, and pixies await you, on Broken Shell Island. Opal gets a suitcase for her birthday. She's not impressed. What she really wanted was a bicycle. She's told that she'll need the magical suitcase, because she's going to live on Broken Shell Island. Uh, what? Opal wonders if her family has gone crazy, because Broken Shell Island is a made-up magical place, from a book series. It can't possibly be real.

Opal packs her suitcase and begins her journey with a splash, being thrown overboard. She survives the trip and arrives at the island's shore, only to discover that another young woman, not much older than her, has been murdered. Now a dangerous creature stalks the woods surrounding the village. Opal may be its next murder victim, unless she can unravel the fantastic, magical secrets of Broken Shell Island. Discover magic and adventure... on Broken Shell Island.
