

Hexed (Gwen Sparks) (Volume 4)

Everything and everyone has an expiration date, including Gwen Sparks. When Dorian, the Angel of Death, saved her, he did more than bend the rules: he shattered them. When Gwens memories are stolen, the balance of life and death shifts, and magic goes on the fritz. Dorian realizes that even the angel of Death must face consequences for his mistakes. Everything and everyone has an expiration date, and time is running out for Gwen. If they dont find a solution, Gwens borrowed time will come to an end, and Dorian will lose the woman he risked everything for. Both will have to make a life-changing decision. Dorians choice will result in either altering his very existence or losing Gwen forever. Gwen will risk everything to right Dorians wrong, and her decision may just result in her death. This book includes an Aiden Blake short story. Youve heard Gwens side. Now hear his.
