

Hallowstone: Book Two of The Hidden Houses (Volume 2)

As Eric mourns his lover's death, a flamboyant stranger draws him into a conspiracy to destroy a magical well. The death of Eric's lover left him grief-stricken for months. So when the smooth-talking Heathcliff claimed to have spoken with Katie's ghost, Eric wanted to hear more. He followed Heathcliff to Hallowstone Castle, where a seer told him that Katie had been murdered. Meanwhile, a magical well in Fellwater Grove comes under attack. Eric volunteers to help investigate the attackers, but the more he learns about the true nature of the well, the more his loyalties are put to the test, and the deeper he falls into danger. Without knowing who to trust, and without time to heal his grief, Eric must find Katie's killer, and face a momentous choice. This is the second edition of this book, re-released after a successful fundraising campaign on Kickstarter.com, which covered the costs of professional editing and design work. The characters in this series are distinct, rich with depth, and you are left with a sense that they all have a long history that has led them up to this point in the story... The story keeps you on the edge of your seat, waiting to find out who will reveal their true nature right until the end. - John David Hickey, storyteller, author of Shortening the Road
