

## HEAL ME (A Billionaire Bad Boy Romance)

Powerful men like me dont need shrinks!  
Lets face it - I cant possibly pretend some textbook counselling is going to heal me. Its never going to happen! I am William Carson, a billionaire, and billionaires like me dont need therapists. Talking to a therapist is simply not in the billionaire code! I would never concede to needing anyone, especially Kathleen Warren, the sexy, naive counselor assigned to me. She is too young. What does she know about real life? \*\*\* Kathleen Warren is fresh out of college and recently licensed as a counselor. She accepts William Carson as a patient against her better judgment hes too damn sexy, thinks the world revolves around him, and talks dirty. And hes got way too much baggage an ex-wife, a new fiancée, and a teenage son. The first time he steps into her office, Kathleen knows she should have sent him away. But she didnt because she plans to maintain the boundary lines between her and her patient. After all, she knows all about boundaries her entire graduate thesis is based on boundary points. Going beyond professional boundary points is disastrous and can lead to the loss of her counselors license, something she worked too hard to obtain. She wouldnt allow William Carson to affect her to the point of losing her livelihood, even if he is charming, stubborn, sexy, and a freaking billionaire! \*\*\* But Bill has no respect for set boundaries! In his world, he gets everything he wants and he wants young Katie boundaries or not! For a limited time, HEAL ME contains a free billionaire bad boy romance novel
