

Witch Ancestry

This book was renamed Marek: Buried Lore (Book 1) 1309: When a mysterious messenger arrives on his beautiful Mediterranean island, a young carpenter discovers secrets about his mother, which his father has kept hidden to protect him. Mareks search for answers about his heritage takes him on a perilous journey to a remote castle in the icy dark forests of the north. There, he will discover more shocking truths about himself, and the seductive castle inhabitants who attempt to lure him towards a way of life that will both thrill and repulse him. Witch Ancestry is a dark and gothic tale of warning. Hiding among us often disguised in beauty is another kind of being: ruthless, sadistic and hungry for human souls. And even the purest of hearts can be tempted to join them. (A supernatural story for ages 15+)
