

The Messenger (After Days Shorts Book 1)

An action packed new release from the author of the bestselling After Days 20 years after the Chinese virus devastated America, her children are still struggling to put it all back together. Chaos has reigned for many years, but finally, some order is being established and The City has risen from the ashes to become a beacon of hope. Sent by the City, the mysterious Messenger travels through the post apocalyptic landscape spreading this message of hope and inviting worthy candidates to come to the City to make a new life for themselves. His latest mission is interrupted when he stumbles upon a gang of cannibals, the most reviled group in the new world order... At first he is content to observe the killers, but before long, circumstances dictate that the Messenger will have to decide whether to risk his own life and intervene to protect those in need. The Messenger is a stand alone short story set 20 years after the events of After Days and can be enjoyed by new readers as well as those familiar with the Trilogy. WWW.AFTER-DAYS.COM
