

Caroline Wreys Complete Curtain Making Course

In Complete Curtain Making Course, Caroline Wrey presents in detail for the first time her acclaimed course in window coverings, the same course she has taught in cities across America to sell-out crowds. In the Course, Caroline Wrey instructs the reader in how to make every imaginable window covering for every home and budget, from a basic curtain hung on clips to stately swags and tails, a French-pleated valance to a Roman blind, with every part of the process gloriously photographed in the great style for which she is famous. Any trepidation the novice may have is swiftly overcome by the authors simple Seven-Prong Design Plan for optimum results. She also gives terrific tips on choosing tools and equipment, measuring windows, calculating curtain size, cutting fabric, and matching patterns. Achieving great curtain style has never been easier!
