As he followed what turned out to be a trail of scrolls all across Japan and China and back, he was shocked to find himself reading about a 16th century feudal lord named Mitsui Hamadaa woman! Except there were no female feudal lords in 16th century Japan. Mitsuis dark history began with a vow of vengeance, then faded into a sweet promise of love. But that promise was torn asunder as that love was ripped from her grasp in one horrific moment. Plunged headlong back into her nightmare of revenge, her enemys destruction was the only thing that would satisfy her. At that moment, she embarked on a twisted journey which sent her fleeing her homeland in pursuit of ancient knowledge. At the end of Mitsuis bloody journey waited an enemy more dangerous and powerful than she could ever imagine. But, none of this was Mitsuis secret. Mitsuis darkest secretonly told in the scrollswas that she was a vampire. But, in this tale of blood and vengeance, Mitsuis was not the only secret
