

Chase Baker and the Golden Condor: A Chase Baker Thriller Book 2) (Volume 2)

The action never wanes. --Fort Lauderdale Sun-Sentinel Chase Baker, the Renaissance Man, is back in a sexy, thrilling action-adventure from NEW YORK TIMES and USA TODAY Bestselling author, Vincent Zandri. Chase, seeking inspiration for a new book, and a big pay-off, stumbles into the opportunity of a lifetime: to use his PI and archeological sandhogging skills to seek out an aircraft hidden deep in a remote part of the Amazon Jungle. But the aircraft in question isn't any old airplane. Legend claims it's an ancient flying machine called the Golden Condor, an intergalactic spaceship delivered to the Incans by aliens more than a thousand years ago. There's a catch, of course. Hostile tribal natives, in collaboration with a band of Tupac Amaru revolutionary terrorists, will stop at nothing to murder Chase, his team of explorers, and his beautiful literary agent, before they reach the Condor. And if the terrorists don't kill them, then the writhing, creeping jungle almost certainly will. But in typical Chase Baker style, once he sets his sights on the prize, nothing will stand in his way. They are embarking on a mission that, if it succeeds, will change the way historians view the ancient Incan civilization and alter society's beliefs about early man and the heavens above. Readers of Dan Brown, Clive Cussler, Wilbur Smith, and JR Rain, will find Chase Baker's adventures well worth every minute, according to SUSPENSE MAGAZINE.
