

Curse of the Golden Dragon

As a child, Asha was poisoned by a dragon and found she could hear the souls of all living things. Decades later, she uses her strange gift and her training as an herbalist to care for people possessed by ghosts, poisoned by legendary beasts, and tortured by the cruel doctors from the east. But when she journeys into the west, Asha discovers that there are fates worse than death and there are human monsters that can only be defeated by a woman with the strength of a dragon. Welcome to a fantastical world where strange machines sail the seas and the skies, enormous prehistoric beasts roam the earth, and the restless dead whisper to the living.
