

City of Thunder: Gifts of Vorallon II

Loraces godstone has been forged into a weapon of destiny, the mysterious Chain of Vengeance, and the elves and dwarves have been roused to honor the Guardians Pact. He has unlocked his past, but in doing so he has raised more questions about his future. The Old Gods orchestrated the darkest tragedy of his childhood, but to what ends? His brothers are still alive and guiding him with the aid of Lord Aran, but toward what destiny? The Devourer has dispatched the gifted sorceress Scythe to destroy the Final Warden and the Lord of Nefryt has brought his entire demon host to Vorallon to defend his crown. All are on course to collide before the walls of Halversome, the City of Thunder.
