

Full Fathom Five: A Novel of the Craft Sequence

On the island of Kavekana, Kai builds gods to order, then hands them to others to maintain. Her creations aren't conscious and lack their own wills and voices, but they accept sacrifices, and protect their worshippers from other gods?perfect vehicles for Craftsmen and Craftswomen operating in the divinely controlled Old World. When Kai sees one of her creations dying and tries to save her, she's grievously injured?then sidelined from the business entirely, her near-suicidal rescue attempt offered up as proof of her instability. But when Kai gets tired of hearing her boss, her coworkers, and her ex-boyfriend call her crazy, and starts digging into the reasons her creations die, she uncovers a conspiracy of silence and fear?which will crush her, if Kai can't stop it first.
