

Knight Fall (The Reminiscent Exile) (Volume 3)

The Knights of Atlantis created the Infernal Clock, the Roseblades, and other weapons of celestial illusion. Yet today the Knights are less than a pale shadow of their former glory. A bonfire diminished to dying embers. None of the Order could wield Origin with enough conviction to even blemish the Everlasting. Emily grinned and gave me a wink. Well, save perhaps one shadowless fool. The peace forged by Declan Hale at the end of the Tome Wars was meant to last a hundred generations. Yet barely six years have passed and the drums of war echo once more across the thousands of worlds of the Story Thread. With shadowed enemies loosed from the Void, the Knights Infernal again after his head, and the Everlasting wrapping him in their dark schemes, Declan will have to take the fight across worlds further than he's ever gone before or risk True Earth getting swept away in the maelstrom.
