

## Path of the Heretic (The Beholder) (Volume 2)

After Emily Ethan is gone, Jason is left with too many questions unanswered. Betrayed by the one he loved and yet hurting after losing her, Jason is eager to find out what actually happened to Emily. When he least expects it, the Darksighted return to New York City, but they are not after Jason. They seek to destroy those who may know something about where Emily can be. The more Jason gets to know the world of Energy and Sight, the harder it is for him to belong in this world. He can't enter the Sight when there are too many people around. And then Emily comes to his dreams and gives him clues of where to look for the answers. The question is: should he believe her, or is it just another attempt to get him killed?
