SEAL TEAM SIX: DUTY ELSEWHERE

The adventures continue. New York

Times Best-Selling Author Chuck Dixon is

considered one of the most prolific writers

in the history of the comics medium and is

perhaps best known for his decade-long run

on multiple Batman titles. He is the

co-author of the best-selling Robert Jordan

New Spring and Wheel of Time Graphic

Novels. He is the co-creator of the Batman

villain Bane and currently writes GI Joe.

They are highly trained. Their missions are

classified. They are our best and last hope.

Yet they do not exist. Follow Seal Team

Six as they train, hunt and fight an enemy

who reaches out from the most remote

corners of the world to murder and maim.

These highly-trained, military men are the

unknown heroes who endure unimaginable

hardship and murderous combat to protect

our homeland. In Seal Team Six: Duty

Elsewhere, the team is divided as Manny

and Heath go on a personal mission of

vengeance that takes them into the brutal

world of the narco cartels. This one is

off-the-record and on American soil and

the pair wont stop until full payback is

made and to hell with posse comitatus. The

two SEALs face overwhelming odds and

their own personal demons as they stalk

their prey from the city streets to the high

desert. Priest leads the rest of the team

into the jungle of the Philippines in search of a

downed drone packed with sensitive

intelligence. The stakes are life and death

for thousands of innocents and the team is

outnumbered and outgunned once again in

a hostile land. Action in the homeland and overseas as the team splits up to do bad things to bad people! This is straight up, unapologetic military action set against the fast-changing background of the war on terror, says Seal Team Six writer Chuck Dixon. There's no mercy and no rules as the world's toughest warriors face the world's most murderous outlaws. If you're tired of heroes who pull their punches and question their own motives and missions, this one's for you. These are true American super-heroes fighting in the worst places in the world to ensure our safety. Chuck is a damn good writer who is really good at hooking you, giving you fun characters, and telling you one hell of an adventure story. -- Larry Correia, *Monster Hunters International*, the *Grimoir Chronicles* An intelligent and well thought-out high action time travel story. -- Noah Mulette-Gillman, *Luminous and Ominous*

Dixon excels at putting down action, of introducing larger-than-life heroes, kicking them through the door into a big mess, and having them sort out a situation in a flurry of martial arts moves and big guns. -- Mel Odom, *The Rover* series. Prologue from *Dynamites* New eBook: SEAL TEAM SIX NO MORE: REKINDLED FLAME: Darkness surrounded Flame as he crouched with the front of his left shoulder just touching a wall of some kind, the familiar shape of an M4 cradled in his arms. Where the hell am I? he asked himself. What am I supposed to do? He shook his head felt a familiar weight on it. Night vision! He fumbled for the boxy system, and pulled it down in front of his eyes. Now where's that switch?
