

Fire Study (Soulfinders Book 3)

The Apprenticeship is Over Now the Real Test has Begun. When word that Yelena is a Soulfinderable to capture and release souls spreads like wildfire, people grow uneasy. Already Yelena's unusual abilities and past have set her apart. As the Council debates Yelena's fate, she receives a disturbing message: a plot is rising against her homeland, led by a murderous sorcerer she has defeated before. Honor sets Yelena on a path that will test the limits of her skills, and the hope of reuniting with her beloved spurs her onward. Her journey is fraught with allies, enemies, lovers and would-be assassins, each of questionable loyalty. Yelena will have but one chance to prove herself and save the land she holds dear.
