

De Profundis

Oscar Wilde's life can be divided into two distinct parts. One marked by artistic success and fame. Then his fall, beginning with a doomed relationship with a young dilettante, Lord Alfred Douglas, and ending in disgrace. De Profundis, Latin for from the depths, was written as a letter over the two years he spent in prison at hard labor. It was published after his death. It is a semi autobiographical statement by Wilde. I must say to myself that I ruined myself, and that nobody great or small can be ruined except by his own hand. I am quite ready to say so. I am trying to say so, though they may not think it at the present moment. This pitiless indictment I bring without pity against myself. Terrible as was what the world did to me, what I did to myself was far more terrible still. Oscar Wilde, De Profundis.
