

## Devils Paw (Imp)

For once no one wants to kill Samantha Martin. Shes free to do all the things a mischievous imp loves to do- like remove all the county speed limit signs, and wrap City Hall in crime scene tape. Her only worry beyond organizing the delivery of her boyfriends birthday present, is writing those pesky four nine five reports for the Ruling Council of Angels. But imps can never stay out of trouble for long. Demon corpses have been found drained of all energy, their spirit selves ripped clean from their bodies. Sams angel, Gregory, considers her a prime suspect, so when an angel is discovered dead in the same manner, he drags her to Seattle and Juneau to try to clear her name. The race is on to find the murderer before Sams secret is exposed and shes blamed for the deaths. But is a devouring spirit really the killer, or is there more to the deaths than either Sam or Gregory suspect?
