

DOWNDRIFT (The Merworld Water Wars Book 4)

Two Waves Remain... Marina Valentine is one future time-traveling trip away from putting the final trident in King Zales reign. The future, however, has a dire message for the Savior: She is one decision away from costing everyone everything. Marina doesnt want the burden of some unknown decision, nor does she want to learn of yet another sneaky trick by King Zale. All she wants to do is focus on her trip with Troy to retrieve the last soul stealing stonea trip that will not only take them to wondrous, mysterious places, but will bring them closer than she ever dreamed possible. Unfortunately for Marina Valentine, burdens and Zale tricks are part of the job description. Only this time, the burden has never been heavier and the trick has never been more destructive.
