

Geas of the Black Axe (Legends of the Nameless Dwarf Book 2)

A dwarf with no name is a dwarf most shamed. As the lands above the ravine city of Arx Gravis face their gravest peril, the last desperate hope of Creation lies in a dwarf with a grisly past: The Nameless Dwarf, a pariah, untouchable, the most cursed of dwarven kind. But in a world plagued by deception, where no action is free from risk, the road to salvation is shadowed with portents of blood.
