

Early Years Songs and Rhymes (Blueprints)

Containing new and unfamiliar songs and rhymes as well as classic ones, this compendium aims to provide all the nursery rhymes, finger rhymes, action rhymes and songs that early-years teachers will need in their classroom repertoire. It is intended for use in nursery classes, play-groups and primary schools, by teachers, students and parents who want to learn, teach or accompany rhymes and songs with children. All items which include music have a straightforward piano arrangement and guitar chords, and accompanying cassettes are available for those who do not have access to music accompaniment or playing abilities. All the actions in action-songs are explained, and a topic index helps to locate suitable material for teachers wishing to use the rhymes and songs alongside topics on which their classes are working.
