

The Overseers Son (Children of the Guard) (Volume 1)

Imagine a world where there are only two classes: people with power, and people without. Imagine a world where cities are ruled by families with magical powers, where their will determines their citizens' lives, and where the strongest thrives. For Elijah Hunt he doesn't have to imagine a world where bullies rule. He lives it everyday under the cruelty of his magical father: the Overseer of Chicago. Will Elijah choose to run from the father determined to mold him into a monster too, or will he stay and face his future? Will Eli even have magic of his own? The stakes are high as Eli and his sisters have to choose whether to stay or run for their lives.
