

Essential Poems to Fall in Love with

This volume of Daisy Goodwin's bestselling blend of poetry and self-help which tied-in with a major six part BBC poetry season presented by Daisy herself. Reissued to tie in with her follow-up series this autumn. Forget chocolates, exotic lingerie or marriage guidance counsellors; the only props you'll ever need if you are in love or out of it are the poems in this book. There are verses here to console you when the phone doesn't ring or the divorce papers have been signed and poems that celebrate the joy of being in love, from the first kiss to walking down the aisle (for the second time). These essential poems, which include never-before anthologised work, will tell you the truth about love.
