

## BjA?A,rns Saga: Helten fra Hiterdal

BjA?rns Saga is an exciting book about the eternal triangle from the Icelandic Middle Age: a young and beautiful woman is desired by two men - both poets. The young woman loves one of them but is erroneously married to the other. Later on the couple invites the unfortunate rival to stay during the winter, and of course this causes frictions. This saga is part of the so-called scaldic epics but is not very often translated - perhaps because the intimate descriptions were too hot stuff. THIS BOOK IS IN DANISH ONLY.
