

## Falling Up

When Fate Takes a Turn at the Wheel...David Sanders has been hosed over by women, taken advantage of, practically destroyed. After three divorces, his self-esteem lies in tatters, his finances in ruins. He lives in a garage behind his parents house - which is now owned by one of his ex-wives. Amy Sainte, a foreign exchange student from Paris, comes to Southern California with low self-esteem, a poor self-image, and yet the ambition to become a Hollywood starlet. Falling Up is the story of what happens when the destinies of this unlikely duo become intertwined. The friction of their topsy-turvy relationship leads to a whole series of humorous episodes and - unexpectedly - to real inner growth. While Amy needs to learn its the beauty inside her that counts, David needs simply to re-engage with life. An entertaining drama about people who stumble upon their own better selves, Falling Up - which was co-authored by husband and wife team - offers a unique perspective on gender roles, the battle of the sexes, and the quirks of fate that shape our lives.
