

The Skill of Our Hands

Praise for The Incrementalists: Top 10 Sci-Fi/Fantasy title, Fall 2013 (Publishers Weekly) A spectacular new contemporary fantasy novel this book was an absolute home-run for me.--Cory Doctorow Spare, dangerous, strangely whimsical, damn fine. Read this. Its good.--Elizabeth Bear Packed with twists and nifty surprises If you have to call it something, call it genius at work.--Booklist, starred review The rich feast that is the world of the Incrementalists is well worth exploring and I'd love to see it turn into a series...we could see years of Incrementalist novels making the world a better place, a little bit at a time.--Daytona Beach News-Journal
