

First Kisses and Other Misfortunes

Two boys discover that true love is harder than it looks, even in the charming town of Grimbaud, in this lovely novella from the author of *Love Fortunes and Other Disasters*. Nico is worried. Again. After freeing Martin from the illegal love charms of his evil ex-girlfriend, Nico was sure that their love would be the perfect romance he'd been waiting for. But it's been months and Nico's still waiting for his first kiss. Between Martin's dedication to student government and Nico's responsibilities at his family's tourism business, there's been no time for romance or kisses. Fortunately, the Canal Festival is coming up and like all Grimbaud events, it will be filled with romance...especially the Water Parade, Nico's favorite part. And this year, Nico will be the captain of his own small boat! It's the perfect opportunity for a romantic (and hopefully kiss-filled) date with his boyfriend. There's just one small problem: Martin is afraid of drowning. Will Nico's dreams of a romantic first kiss be sunk before they are even launched?
